OGC HAS REVIEWED.

Assistant Chief, Payroll & Travel Branch

10 June 1953

Office of General Counsel

25X1A

Reimbursement Claim, [REDACTED]

REFERENCE:

- (a) Your Memorandum dated 25 May 1953, same subject.
- (b) Memorandum for Chief, Finance Division, from Office of General Counsel, dated 22 December 1952, subject, Ship-ment and Storage of Effects.

1. The attachments to reference (a) are returned herewith.

2. The requested reimbursement for expenses of handling and storing household effects of [REDACTED] was discussed by this office at length in reference (b). The conclusion in paragraph 11(b) of the memorandum read:

25X1A

"We find no authority either in civilian or military regulations for payment by the government of any storage charges whatsoever under the circumstances."

Without more adequate explanation of change in the factual basis for the submission of the reimbursement here requested, we feel that our previous memorandum must stand, and accordingly would advise that we see no justification for payment of any of Colonel [REDACTED] storage charges for the period 27 October 1952 to the time of his recent return to the United States. Storage upon re- turn may be authorized in accordance with applicable military regulations referred to in paragraph 10 of reference (b).

25X1A

3. If additional evidence can be obtained to merit reconsid-eration of our opinion in this regard, we would be pleased to dis- cuss it with you.
